During the market Stallholders are responsible for keeping tidy the area's in and surrounding their stall.

All stallholders are to put all their rubbish and boxes in the dump master at the bottom of the central car park.

All stallholders are required to either sweep or pick up all leaf and other rubbish from their stall area at the end of trading.

Failure to do this and the stallholder will be charged an extra \$10 for cleaning fees.

## Social Club

After discussions with a number of stall holders and as Rapid Creek Market is privately owned, we are considering forming a social club for the stallholders or an association. For the purpose of fundraising for infrastructure and facilities which Rapid Creek Market Pty Ltd is unable to provide. All interested should contact the coordinator.
